CURRENCY

As a reminder, the costs for your meal, entrance fees, waters and snacks, are covered with the cost of the trip, but if you have the desire to purchase anything thing extra along the way (coffee, extra water, gifts, Etc.) you might want to have some cash with you. U.S. dollars are fine but small bills -- \$20 and under -- are a must; making change in Tijuana can sometimes be time consuming. The exchange rate fluctuates daily but tends to average between 12 and 13 pesos per dollar; most establishments accept it at 12 or 12.50. Credit cards are becoming increasingly common among businesses in Mexico and ATMs are readily available

ON THE BUS

We will have light local snacks and chips on the bus for anyone who gets hungry in the afternoon, as well as waters for all, but if you are someone who likes something special we recommend bringing whatever you enjoy as a midday snack!

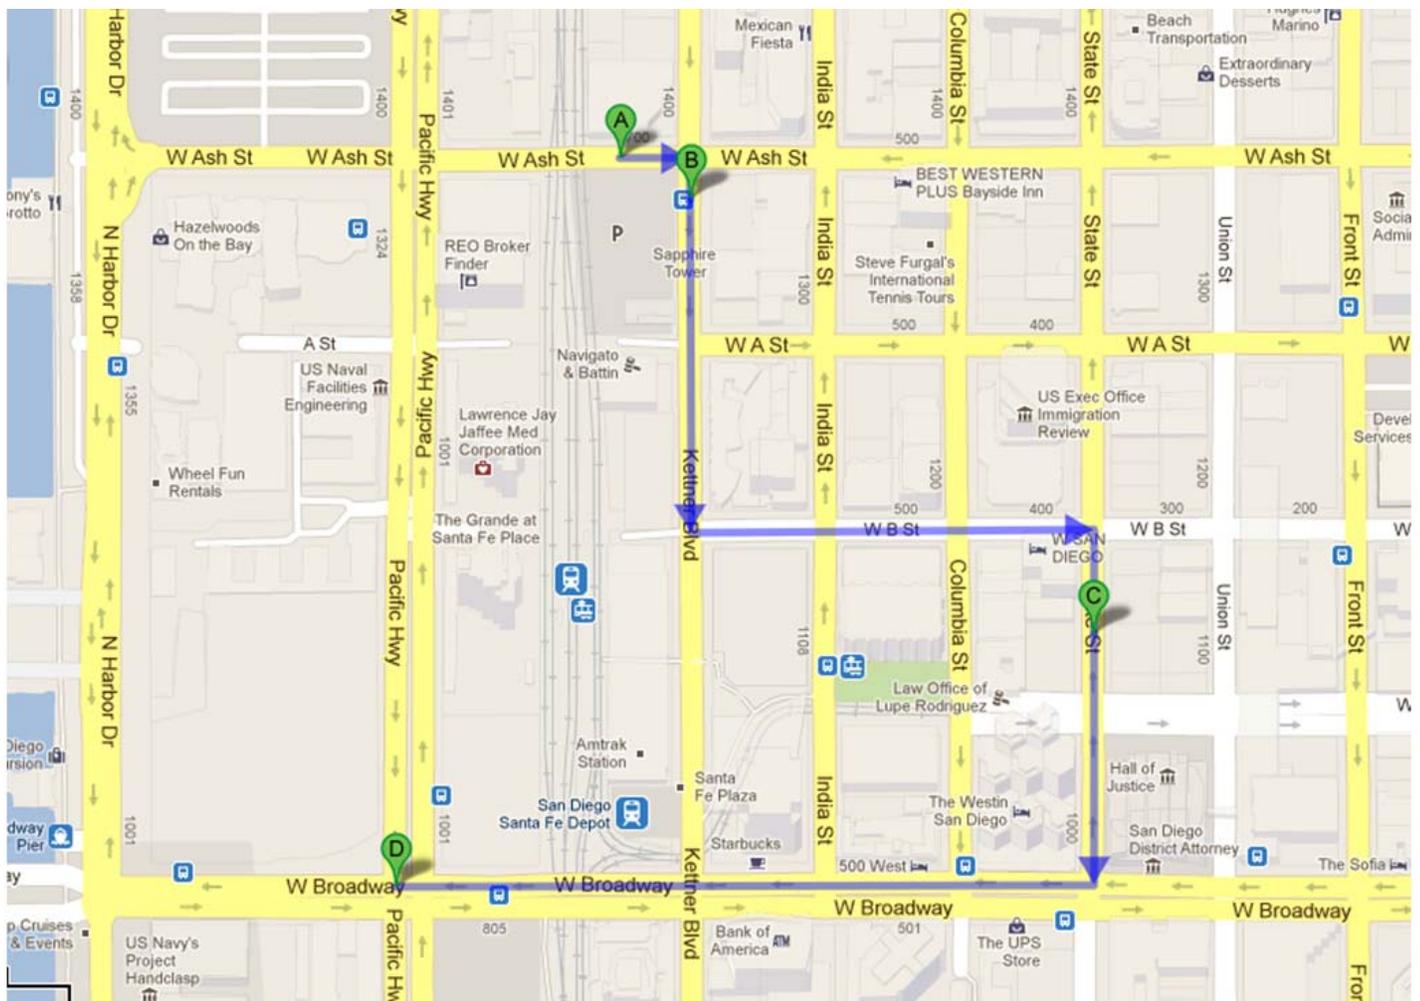

WHAT TO WEAR

This field trip will be casual. Dress comfortably.

We will be doing a fair amount of walking, so be sure to wear comfortable shoes.

THE WEATHER

Weather.com is predicting a gorgeous day at around 70! As always with communities near the coast, once the sun goes down, it can get cool, so layers are always recommended.
